CAREER OBJECTIVE

Computer Science Engineering student skilled in Python, DSA, Full-Stack Development, Data Science, AI, and Data Analytics. Experienced through internships and practical projects, with a focus on solving real-world problems and continuous growth.

EDUCATION

Polytechnic, Computer Science & Engineering Himachal Institute of Engineering and Technology, Shahpur	2022 – 2024
B.Tech, Computer Science & Engineering University Institute of Technology, Himachal Pradesh University, Shimla	2024 – 2027

TECHNICAL SKILLS

Programming & Core CS: Python, DSA, OOP, SQL, DBMS Fundamentals
Web Development & AI/ML: Full-Stack Web Development, Artificial Intelligence, Machine Learning, Data Analytics, Data Visualization
Tools & Soft Skills: Git & GitHub, MS Excel, Communication, Teamwork, Time Management, Adaptability

WORK EXPERIENCE

AI Intern — InternzValley (Remote)	Sep 2026 – Nov 2026
- Gaining practical experience in Artificial Intelligence through real-world tasks, structured training, and applied projects - Strengthening Python-based problem-solving and technical development skills through practical, real-world activities	
Data Analytics Intern — InAmigos Foundation (Remote)	Jun 2026 – Jul 2026
- Assisted with data collection, cleaning, and organization - Prepared clear reports, charts, and dashboards to present analytical findings - Strengthened teamwork, communication, and time-management skills by consistently meeting deadlines	

PROJECTS

AttendFace – Face Recognition Smart Attendance System	Jul 2026 – Sep 2026
- Built a desktop attendance system using Python, OpenCV, and CustomTkinter, with face recognition to automatically mark attendance - Implemented admin login, webcam-based student enrollment, and attendance record management backed by SQLite	
Portfolio Website	Sep 2026 – Ongoing
- Built a responsive personal portfolio site with HTML, CSS, and JavaScript to showcase projects, skills, and resume - Applied responsive design and animation techniques; deployed as a Progressive Web App via GitHub Pages for cross-device access	
StockVision AI	Aug 2026 – Sep 2026
- Built an AI-powered stock market analytics platform combining historical market data, machine learning, and technical indicators for forecasting - Integrated a Gemini-powered AI assistant into the platform to support analysis and insights	

CERTIFICATIONS & TRAININGS

Professional Edge Career Essentials (Awarded Good Grade) NIIT Foundation (Supported by Infosys Foundation), Virtual	Oct 2025 – Nov 2025
Full Stack Web Development (In Progress) Internshala Trainings	Aug 2026 – Oct 2026
Data Science with Python (Training) Solitaire Infosystem Pvt. Ltd., Mohali	Aug 2026 – Sep 2026

HOBBIES

Chess, Fitness, Travelling, Music

EXTRA-CURRICULAR ACTIVITIES

Actively engaged in internships and training programs spanning AI, Data Analytics, Data Science, and Full-Stack Web Development, alongside the Professional Edge Career Essentials program by NIIT Foundation. Continuously building projects in AI and web development, and exploring Machine Learning, Cloud Computing, and DSA through technical workshops and self-driven learning.
